

OLA(One Line Art)- Building a Programming Language

Hong-Ru Chen
Yuan-Ping Chen
Sha Tong
Wei Wang

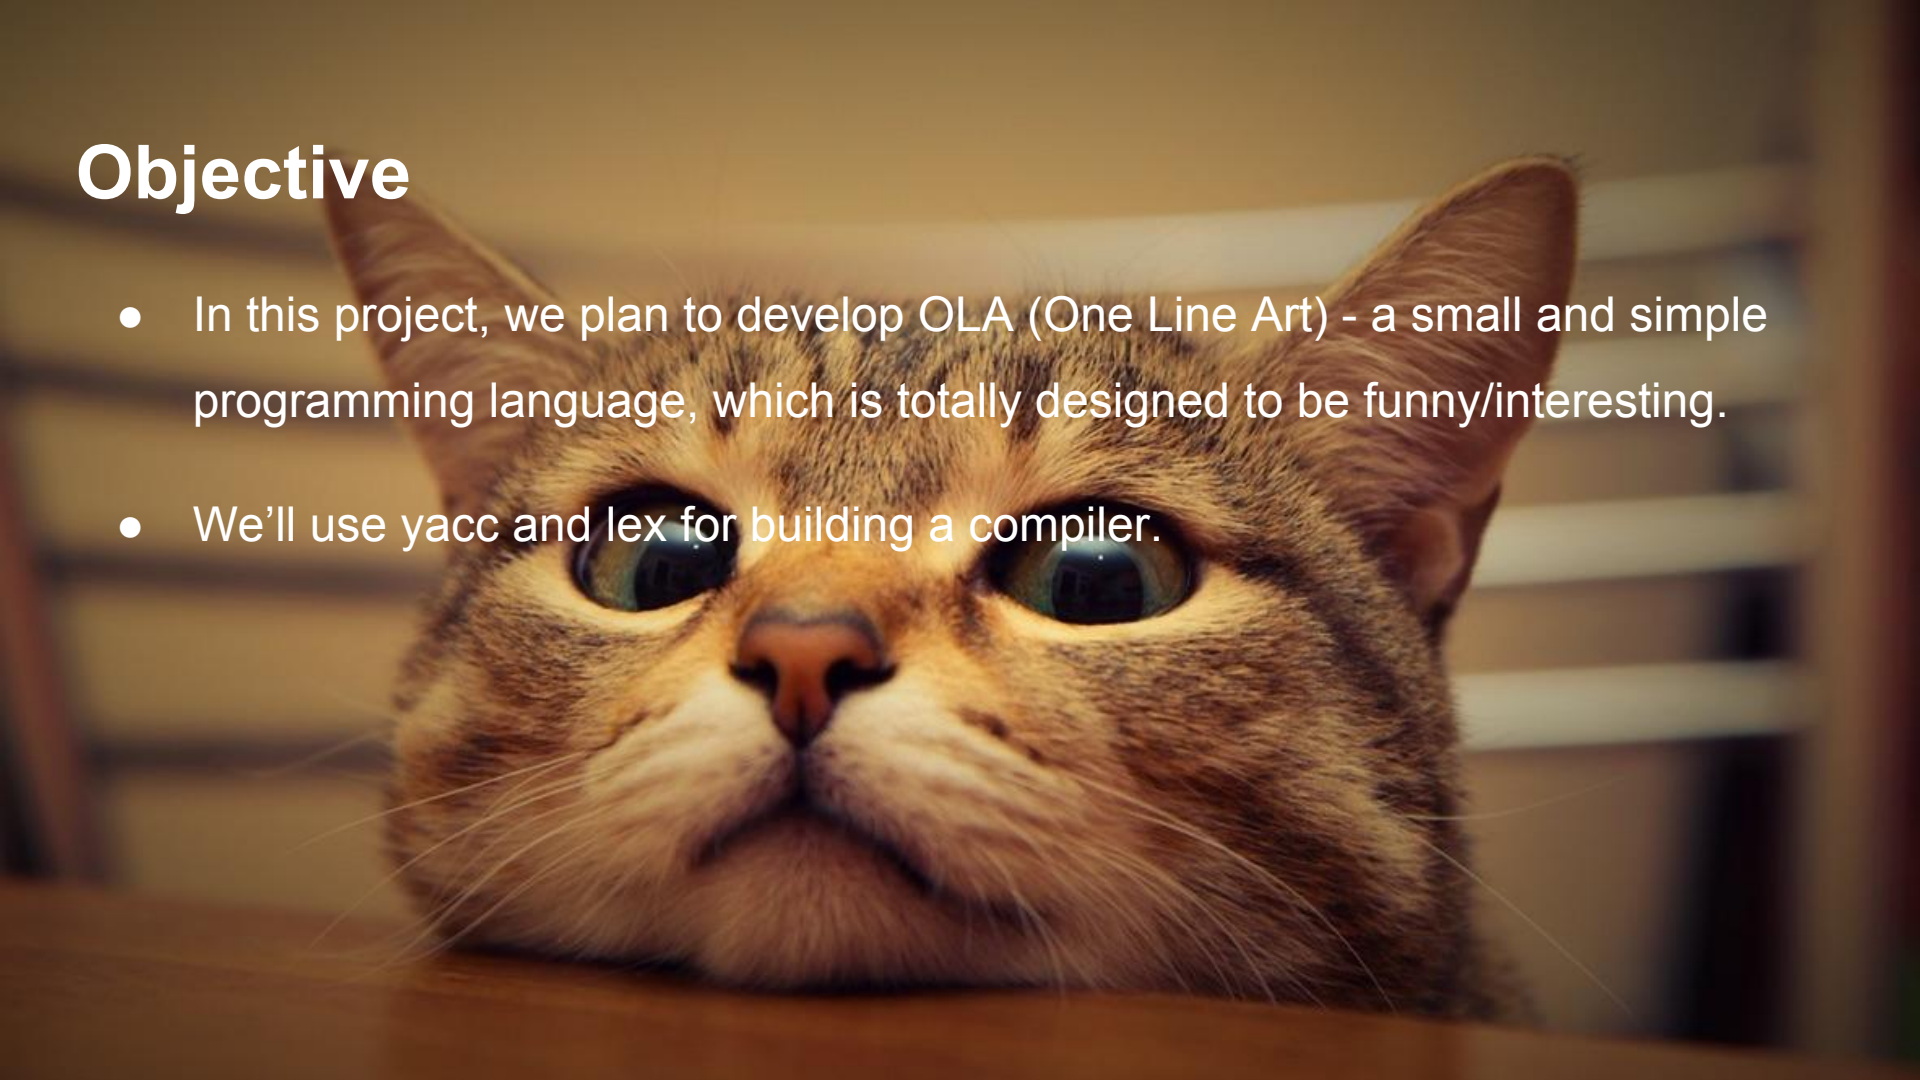

Objective

- In this project, we plan to develop OLA (One Line Art) - a small and simple programming language, which is totally designed to be funny/interesting.

Objective

- In this project, we plan to develop OLA (One Line Art) - a small and simple programming language, which is totally designed to be funny/interesting.
- We'll use yacc and lex for building a compiler.
